GREEN PRODUCT DIRECTORY

Every days hundreds of janitorial services visit the Green Clean Institute. More than 1500 individuals and firms have taken their training form GCI. Many of them have asked, where can we find the best Green products. We have decided to provide a directory of Green products to our growing audience. If your company has a Green product to offer, we will consider including your products for this directory.

We do not sell or endorse products. We do, however, reserve the right to reject any directory applications and return the money paid if we find that the product(s) do not fit into a reasonably Green category.
